	or Rs 1008 per annum
	2 In the budget for 1911-12, there is was a provision of Rs 3000 under Contingencies for arts College The Dept states that the actual provision under
1	this head was 3,072 To this the extra charges of Rs 100/ on account of Electric power will have to be added Thus the provision to be made in the Budget for 1912-13 under Contingencies of Arts College is Rs 4120 instead of Rs 3000 as now entered in other words an addl provision of Rs 1,120 is required
	3 During 1911-12, a sum of Rs 1003-13-10 is said to be due to the Electrical Dept on account of power supplied to the College Out of this amount, Rs 293-4-2 is proposed to be met from the Contingent grant The balance of Rs 710-9-8 is also proposed to be included in the budget for 1912-13 Perhaps no addl provision

From

Offg Secretary to the Government of His Highness

the Maharaja of Mysore General & Revenue Departments

SIR

I have the honour to inform you that three motors have been installed in the Physics Laboratory of the Central College at 17½ Horse Power in all The minimum charge for the supply of electric power at Rs 5/- per horse power is Rs 87-8-0 a month and the hire for three meters is Rs 3/- a month The minimum charge for light at 6 annas per point for 50 points is Rs 18-12-0 and other meter hire is Re 1/- per month The total minimum amount required for Electric power for the motors and for lighting is Rs 110/- per month

PW

2 The contingent grant of the Central College was increased by Rs 26/- per month by Government Order No 6546-8/Edn 123-05-3 of the 21st December 1905 to meet the charge of Electrical Department A sum of Rs 1003-13-10 has been charged by the Electric Department for the power supplied during 1911-12 The Principal states that Rs 293-4-2 is available out of the current year's contingent grant for adjustment A balance of Rs 710-9-8 still becomes due to the Electric Department This extra charge was not anticipated in 1910-11 and no provision was therefore made in the current year's budget The Principal was only just now able to know what the charges would be and to apply for provision being made in the budget

2 Out of the special grant of Rs 48 200/- sanctioned in

the current year's budget for Scientific Apparatus a sum of Rs 10 000 has been surrendered and application made for its renewal in the next year's budget It was expected that Rs 38,200/- would be spent before the end of the current year, but owing to the nonreceipt of certain consignments of goods ordered, a sum of about Rs 3500/- is left unutilized and allowed to lapse to Government Since this is the closing time of the official year, it is too late to apply for reappropriation of this saving to meet the current year's demand of the Electric Department

4 In the circumstances I request that Government be pleased to raise the contingent grant of the Central College Bangalore from Rs 2712/- to Rs 3720/- per annum and to order necessary provision being made in the next year's budget I further request that a sum of Rs 710/- to meet the current year's demands may also be provided in the next year's budget

5 A sum of Rs 3,000/- (instead of the actual of Rs 3112/-) is provided in the Provincial budget under "18 Education (4)Government Colleges - (i) Arts Colleges - 20 Contingencies" This sum has to be raised to Rs 4120/- and in the budget of 1912-13 a sum of Rs 4830/- has to be provided as pointed out above

6 I request that you be so good as to treat this matter as very urgent and submit the same for orders of Government at your earliest convenience before the final budget for 1912-13 is passed
